Objective

To secure a challenging position in a reputable organization to enhance my learnings, knowledge, and skills.

Experience

- Skillmine Technology** 2 Years - 8 Months
Developer
Contributed as a Frontend Developer, collaborating with cross-functional teams to develop and maintain web applications. Implemented user interface components using Angular and React frameworks, ensuring high performance and responsiveness. Participated in code reviews and debugging sessions to optimize application functionality and enhance user experience.
- Cooldreamers** -
Trainee
Completed a 6-month internship, gaining hands-on experience in frontend development. Assisted in designing and developing user interfaces for web applications. Acquired proficiency in HTML, CSS, and JavaScript, while working closely with senior developers to learn best practices and industry standards in software development.

Education

- Ayya Nadar Janaki Ammal college** 2023
Master of Computer Application
7.4 CGPA
- Ayya Nadar Janaki Ammal college** 2021
B.Sc Computer Science
7 CGPA
- S.H.N.V.Matric.Hr.Sec.School** 2018
HSC
77 %
- S.H.N.V.Matric.Hr.Sec.School** 2016
SSLC
86.8 %

Skills

- Angular
- React
- GitLab
- Figma
- WordPress (Low code tool)
- HTML
- CSS
- Bootstrap

Projects

- DataV Project**
 - Developed dynamic and reusable UI components using React
 - Built interactive dashboards with charts, tables, and data widgets
 - Integrated APIs and handled real-time data updates
 - Implemented filtering, drill-down, and user-driven data exploration feature

- **Auth Product**
 - Implemented secure login flows including SSO and MFA features
 - Integrated role-based access control and user lifecycle management
 - Built authentication components using React/Angular for enterprise dashboards
 - Enhanced security with adaptive MFA methods (e.g., TOTP, push)
 - **SSO (Single Sign-On)**
 - Engineered and implemented a robust Single Sign-On (SSO) solution, streamlining user authentication across diverse applications, enhancing productivity and user experience with seamless access.
 - Employed industry-leading security protocols to protect against unauthorized access and data breaches.
 - **Crackerskart**
 - Developed user-friendly e-commerce platform for online crackers purchase, integrating secure payment gateways.
 - **Finance Project (React)**
 - Built finance-related web modules with interactive dashboards and secure data handling.
-

Achievements & Awards

- Completed the Standardized Test of English Proficiency conducted by The Hindu.
 - Won First Prize in the event "Software Marketing" of GYAN MITHRA 20 organized by MEPCO Schlenk Engineering College during Jan 24&25, 2020
 - Presented a paper titled "Cyber Security" in National Level Technical Symposium CYBERTRON 2020 organised by Kalasalingam Institute of Technology on 13 Feb 2020
 - Participated in "Cross Platform Mobile Application Development" Workshop in GYAN MITHRA 20 organized by MEPCO Schlenk Engineering College during Jan 24&25, 2020.
 - Participated in inter college competition - Quiz, Debugging.
 - Diploma Course in "Digital Marketing" certified by ANJAC College, Sivakasi.
 - Successfully completed 6-month internship at Cooldreamers
-
